

Donate to Children Displaced by the SoCal Wildfires

Over the past 26 years, with amazing grassroots support, My Stuff Bags Foundation has provided over 700,000 My Stuff Bags to children across the nation affected by homelessness, abuse, neglect, and natural disasters. We're urgently delivering Bags to children impacted by the recent Southern California Wildfires, but we need your help! Many children have lost everything, and we aim to provide relief, comfort, and dignity through Bags filled with essential and comforting items they can call their own.

These children desperately need our help.
